# NRP NEONATAL RESUSCITATION PROGRAM

## Description

NRP is a course developed by the American Heart Association and the American Academy of Pediatrics to standardize health care practitioners' knowledge and skills that are necessary to provide care for newborns who are unable to successfully transition to extrauterine life without intervention. The content presented in this program follows the eighth edition of the "Textbook of Neonatal Resuscitation." In addition to online testing and simulation, a hands-on session will provide an engaging learning environment through use of concept review, skills review, simulation and debriefing.

## Objectives

Upon completion of the NRP the participant will be able to:

- Apply the concepts of neonatal resuscitation to simulated scenarios.
- Participate in simulated scenarios and debriefing, identifying opportunities for improving care.
- Understand the importance of teamwork and collaboration for an optimal neonatal resuscitation.

## Prerequisite

Within 90 days of course, the course participant is responsible for:

- Registering for the course through Asante Nursing Professional Development.
- Reviewing the NRP textbook.
- Completing Part 1 of the Learning Activities (online).
- Provider exam.
- Beginning Part 2 of the Learning Activities (online).
- Registration for an instructor-led events (hands-on session).

## General information

- Asante only offers the NRP Advanced Provider Curriculum; NRP Essentials is not facilitated at Asante at this time.
- The online exam must be completed within 90 days of the course date. You will need to provide a copy of your online exam certificate the day of the course.
- More information about the class will be given to you at the time of registration.

## For More Information

Contact Asante Nursing Professional Development at [NRP@asante.org](mailto:NRP@asante.org).

## Agenda

The four-hour course is available from 8 a.m. to noon. **Refreshments will not be provided.**

## Registration deadline

### Three weeks prior to course

Enrollment is limited and will be accepted on a first-come basis. Payment must accompany registration to be accepted. Confirmation and course information will be emailed to provided email address upon acceptance of application. This course will be cancelled if fewer than four students enroll.

## Cancellations

Cancellations must be received in writing 14 calendar days before the first date of the course for refund. No refunds will be made after the 14-day date.

## Location

Classes will be held in the simulation lab at the Smullin Health Education Center on the Asante Rogue Regional Medical Center campus. Parking is available.

## Americans with disabilities act

If you need any of the auxiliary aids or services identified in the Americans with Disabilities Act attend this program, please contact [NRP@asante.org](mailto:NRP@asante.org) at least one week prior to this course.
